Schools - Juniors Committee,Week ending 16-V-1906

It is with pleasure your committee is in a position to report the splendid success which has attended its efforts in connection with the schools,

There are now 25 teams participating in the Young Australia League competitions 16 of which are in Perth & 9 at Fremantle, A number of schools which were last year all-British have given their allegiance to the Australian game while in others which last year played both games only one is practiced this season & that the Australian. It is also pleasing to report that not a single school which played our game last year has abandoned it.

Even at Claremont & James St hitherto regarded as the impregnable forts of the British game we have succeeded in establishing Australian clubs,

To Mr Reid the success at James St must be credited while that at Claremont is due to Messrs Oliver & Dawson & Gardiner. These gentlemen have devoted much time to the work & overcame many obstacles for which your Committee desires to tender its thanks,

10
In the general work of organisation Mr. W. J. Bongdon has ~~spent~~ ^{devoted} several ~~ad~~ days of his time & the large number of new schools won over is to a great extent due to his efforts. Other members of the Association to whom we are indebted ^{are} Messrs Boas & Barrett.

Though the large increase in the number of teams this year will entail heavy responsibilities of administration your committee expect are confident that the secretaries of the Perth & Fremantle ^(Messrs Moffat & Jeffrey) divisions will be equal to the additional work involved & a successful season is assured.

The publication "Austrian Junior" ^(which was subordinated by the Assoc) has been largely applied for & the 5000 copies will it is feared be unequal to the demand. From all parts of the State enquiries regarding the production have been received & where practicable copies will be forwarded.

In connection with the ex-scholars section of the League eight teams have been formed & the names chosen are as follows;:- Vintworth, Dalley, Kingston, Balor, Harman, Harrest, James, & Watson.

Reference must be made to splendid assistance which ~~be~~ is being rendered the officials of the Association by Mr. W. B. Riley of Fremantle President of the Fremantle Division of the ex-scholars section;

With regard to the other Junior grades the Committee propose meeting at an early date to receive deputations from the various Associations after which a scheme of assistance will be submitted for your approval.

We wish to ask delegates to endeavour to obtain senior players capable of umpiring schools matches during the week to act in that capacity.
